COMPANY PROFILE

40 Years – Engineering Excellence

CHAIRMAN'S MESSAGE

“

Being one of the first commercial and industrial groups in the U.A.E, we are proud and honored to have been a key player in the development of the country's infrastructure. With 40 years of experience, we are preparing to celebrate our jubilee of operations in the region. As we perform our existing areas of operation, we extend our activities into new fields and territories. We look forward to yet another century of fulfilling the ever-increasing needs of the public and private sectors in the Gulf region.
